REMARKS

The Applicant wishes to point out an additional distinguishing feature of the present invention over U.S. Patent No. 4,607,476 to Fulton (hereinafter "Fulton"). Unlike the present invention Fulton does not have any movable rotation station. At Column 2, lines 8-10 Fulton teaches that there is "Referring to the drawings, a turntable 10, such as manufactured by International Packaging Machine, Inc...Upstanding retaining walls 13 (at lines 16-17...a scissor lift 16 such as a Model 1070-1-E by American Scissor Lift (at lines 21-23). Further, at column 3, lines 1-5 Fulton teaches, "As the turntable 19 (10) rotates the scissor lift 16 urges the load of product upward so that the top cap 28 and the layers of product 26 progressively contact the portion of the film 21 extending above the container 14, as shown in FIG. 1e." In Fulton the load rotating items remain stationary and the load of product only is moving by scissor lift related to the film dispensing system.

Applicants seeks withdrawal of the rejection of Claims 1, 2, 4 and 5 under 35 U.S.C. § 103(a) over Fulton.

In view of the remarks set forth previously and the amendments made herein, this application is in condition for allowance which action is respectfully requested. However, if for any reason the Examiner should consider this application not to be in condition for allowance, the Examiner is respectfully requested to telephone the undersigned attorney at the number listed below prior to issuing a further Action.

Thus, for the reasons given herein, it is respectfully submitted that the present case is in condition for allowance, which action is earnestly solicited. However, if for any reason the Examiner should consider this application not to be in condition for allowance, the Examiner is

respectfully requested to telephone the undersigned attorney at the number listed below prior to issuing a further Action.

Any other fee due with this paper may also be charged to Deposit Account No. 50-1290.

Respectfully submitted,

Martha M. Rumore
